

MARINA GIRLS SOCCER 2024 - 2025

Marina Girls Soccer (MGSB) Boosters

Booster Purpose: The Marina Girls Soccer Booster is an independent, non profit organization (501c) comprised of a group of volunteer parents who have come together to support the co-curricular Marina High School Soccer Program.

The Booster group works to provide additional financial support needed to increase the quality of the soccer program. The Booster parents are not involved in the day-to-day program decisions associated with player selection, team selection, or coaching of the players. Instead, the Booster group shows their support for the program and students by promoting the program through fundraising efforts, social events, and by demonstrating positive fan support at all activities.

Any questions and concerns with respect to coaching should be directed to the respective team coaches. If a parent has had a history of bad behavior, program conflict and manipulative behavior, you may not be eligible to participate in the Booster Group.

Board membership is open to all parents/guardians whose child is involved in the Marina Girls Soccer Program. If a parent has had a history of bad behavior, program conflict and has shown not to be supportive of coaching staff and program, acceptance will require an additional approval process. Board elections are held annually in March of every year. In addition to Booster Club Members, there are non elected positions and roles including but not limited to:

Banquet Commissioner	Open
Memory Book Commissioner	Open
Team Picture Day Coordinator	Open
Fundraiser Commissioner	Open
